The figure consists of two circular diagrams, one for the left ear (Gauche) and one for the right ear (Droite). Each diagram has concentric circles representing distance (0, 10, 20, 30, 40) and radial lines representing direction (0 to 90 degrees). The legend indicates three types of data points: green circles for 'Perçus' (perceived), red triangles for 'Non perçus' (not perceived), and open circles for 'Non testés' (not tested). In the 'Gauche' diagram, 'Perçus' points are at 90° (distance 0) and 0° (distance 30), while 'Non testés' points are scattered throughout. In the 'Droite' diagram, 'Perçus' points are at 0° (distance 30) and 90° (distance 0), while 'Non testés' points are scattered throughout.
